Why Choose a Catholic Cemetery

Burial in a Catholic Cemetery means a sacred, consecrated place for the bodies of deceased Catholics to rest. In our lives, the parishes we belong to are a community sharing in our Catholic faith. In death, that community remains strong with burial in a Catholic Cemetery. Together the departed await the day when God will raise their mortal bodies in glory.

Catholic Cemeteries are a reminder to the world that we, as Christians, believe in life; even in the face of death.

"For if we live, we live for the Lord. If we die, we die for the Lord. So in both life and death, we belong to the lord." - Romans 14:8
